Objectifs pédagogiques du cours :

This seminar aims at giving the students an overview on the People's Republic of China. It seeks to provide some keys, which enable the students to understand contemporary China: landmarks from a civilization that has endured for many centuries, from the history, from the human and physical geography, from the current political and social situation in the country. The goal is to allow the students to enter the Chinese world.

Contenu / descriptif du cours :

Chinese writing and language
History of China
Physical and human geography
The Communist Party of China
The State's institutions, The XVIIIe Congress and the current leaders
The Chinese society : the one child policy, the hukou system, the censorship, the dissidence, the gap between urban and rural habitants, migrant workers issues, epidemics, air pollution, etc.
